

# Make any Computer Smile with Bluetooth

Use *speakers, mice, phones* and many more accessories *wirelessly!*

## Bluetooth Dongle

Even if your computer is not currently Bluetooth compatible, it can be with our dongle. Just install the software and plug the Bluetooth Dongle into any USB port. Now you're ready to let PDAs, mobile phones, laptops, PCs, printers and digital cameras to connect and exchange information amongst one another.

Bluetooth allows you to connect multiple devices without the tangle of cables. With a 30 foot range, the dongle is the perfect answer to getting a wireless office up and running.

*The Bluetooth Dongle is compatible with most Bluetooth devices.*
